Madhav Ashrit

Software Engineer | DevOps & DevSecOps | Azure DevOps, Terraform, CI/CD, Kubernetes | AWS

+91 8546813044 | madhavashrit15@gmail.com | LinkedIn | Bangalore, India

EXPERIENCE

Mar 2025 – Present

Version 1

Associate Software Engineer — *Bangalore, India*

- Provisioned **3 Azure Landing Zones** and developed approximately **30 reusable Terraform modules** and templates for standardized infrastructure deployment.
- Implemented DevSecOps controls across project workflows spanning **58 repositories** and **5 environments**, using Azure DevOps policies, release gates, RBAC, and automated security validation
- Used **SonarQube, Checkov, Trivy, Microsoft Defender for Cloud,** and **Azure Key Vault** to strengthen code, infrastructure, container, and secret security.
- Reduced SQL Server database costs from approximately $45 to $8 per database per month (**82% savings**) through combined compute, storage, and idle-resource optimizations; validated sustained savings.
- Served as the **sole DevOps point of contact** from Version 1 for the client, handling technical discussions, deployments, incidents, infrastructure changes, and release coordination directly with client stakeholders.

Oct. 2024 – Feb. 2025

Edureka

Research Analyst — *Bangalore, India*

- Built and integrated **RESTful APIs** and **microservices** with cross-functional teams to meet business and user requirements.
- Used **Docker** and **Kubernetes** to streamline the deployment pipeline and improve system reliability.

PROJECTS

AI-Powered DevOps Assistant

- **Technologies:** Python, React, Anthropic Claude API, Docker, Azure DevOps
- Built an AI assistant to analyze CI/CD failures, explain Azure deployment errors, and generate Azure DevOps YAML pipelines.
- Developed a Python REST backend and React frontend, containerized with Docker and deployed through Azure DevOps.

Workspace Management Application

- **Technologies:** Python, Django, Jenkins, Docker, Kubernetes, SQL
- Developed a microservices-based application for workspace profiles, bookings, and payment processing.

SKILLS

Languages : Python, Java, JavaScript, SQL, HTML/CSS, Bash, PowerShell
Frameworks & Libraries : Flask, Django, Spring Boot, React.js
Cloud & DevOps : Microsoft Azure, Azure DevOps, Amazon Web Services (AWS), CI/CD, Terraform, Infrastructure as Code (IaC), Azure Landing Zones, Docker, Kubernetes, Azure Container Apps, Jenkins
Security & Monitoring Tools : Azure Key Vault, SonarQube, Checkov, Trivy, Microsoft Defender for Cloud, Prometheus, Grafana
Databases : Microsoft SQL Server, MySQL
AI & LLMs : Anthropic Claude, Claude API, Model Context Protocol (MCP), AI Agents
Tools : Git, GitHub, Postman, VS Code, Jira

EDUCATION

Aug. 2020 – May 2024

KSIT, Visvesvaraya Technological University

Bachelor of Engineering in Computer Science — *Bangalore, India*

- Coursework: Data Structures, Algorithms, Databases, Computer Systems, Machine Learning
- **CGPA: 9.07**

CERTIFICATIONS

- HashiCorp Terraform Associate (004) – HashiCorp • AWS Certified AI Practitioner – AWS • Microsoft Azure Fundamentals • Microsoft Azure AI Fundamentals
